## Testimony Linked the Wrought Iron and Wrought Steel Industries to the List of Other Producers of Construction Materials Who Have Been Unlawfully Holding Prices Uniform Throughout the Country—Builders' Material Bureau Fails to Stay Investigation When Their Injunctions Were Vacated.

New York, Nov. 24.—New York's war against the illegal holding of prices for building materials today brought forth three new indictments charging extortion, as well as testimony linking the wrought iron and wrought steel industries to the long list of other producers of construction materials who are alleged unlawfully to hold prices uniform throughout the country.

While the allied forces of an extraordinary grand jury and the joint legislative committee made the progress in their major offensive, legal skirmishes occurred in two courts and the city's residential industry later in the millions of dollars in contracts was postponed until Monday.

Twice during the day the joint committee was divided from its investigation to defend itself against onslaughts in the courts. The committee was victorious on both occasions.

Decisive defeat marked the efforts of the building material bureau to restrain the committee from getting hold of its books and from examining its stenographer, Elizabeth O'Brien. Two injunctions were secured by counsel for the bureau but were quickly vacated, and later in the day an application for a stay was denied.

When counsel for the bureau agreed to produce the books and papers under the subpoena, and to have an officer of the bureau on hand to testify, Miss O'Brien already had been adjudged in contempt by the committee for failing to answer a summons.

Robert P. Brindell, president of the Building Trade Council and alleged "king" of building trades unions in the metropolis, was named in two of today's indictments, both charging extortion. The other indictment, also charging extortion, was against Elizabeth O'Brien, stenographer of the council.

Brindell's name was fixed at \$100,000. Brindell, already under \$100,000 bail on previous indictments—one charging extortion and the other attempting extortion—was not required to furnish additional bail, but it was indicated he might be called on to do so Friday.

Charges against Brindell alleged that he forced Louis J. Cohen, a building contractor, to pay him \$100 under threat to prosecute Cohen for a contract job last July. Brindell was accused of extorting \$100 from Cohen.
